DECISION

TOPIC

**Clean Water State Revolving Loan Fund – FY 2008 Intended Use Plan
Fourth Quarter Update -- Amendment**

Commission approval is requested for an amendment to the the fourth quarter update to the Clean Water State Revolving Fund (CWSRF) Intended Use Plan (IUP) for FY 2008. The Commission approved the fourth quarter update on March 11, 2008.

The update included adjustments to the non-point source set-asides. An additional adjustment is proposed in this amendment, due to a miscalculation in project demand for the Livestock Water Quality Facilities (LWQ) program. We are proposing to add \$2 million to the LWQ set-aside. We will reduce the General Non-Point Source set-aside by that amount. Projects for which requests have already been made can be funded as needed and there are still funds set aside to fulfill new requests in the General Non-Point Source program.

Program	Previous Set-Aside Amount	Proposed Set-Aside Amount
Livestock Water Quality	\$6.0 million	\$8.0 million
General Non-Point Source	\$21.7 million	\$17.3 million

A public meeting will be held May 5, 2008 to receive comments on the amendment. If there are public comments, they will be discussed with the Commission at the time this agenda item is presented.
